NOTES AND PRECIS.

D.No.2653. S.N.(1)

This also may await orders on the file relating to the appointment of Mr.Edwin as Executive Engineer.. If the decision on that file is to appoint Mr.Edwin as officiating Executive Engineer and to refer the question of his permanent appointment to the Commission, a similar procedure may be adopted in the case of Captain Shewring's appointment also. If, on the other hand, the decision is to appoint Mr.Edwin as permanent Executive Engineer without Commission being consulted, it is not necessary to consult them in this case either.

Please see S.N. 1 and 2 of File 467-37. The pay of the future incumbents of the post of the Assistant Engineer was fixed at Rs. 250-10-350 plus motor car allwance of

of Rs. 50 per-mensem.

7 Captain Shewring has previously officiated as Assistant Engineer for a period of eight months; and for this reason probably the P.M.C. does not recommend ~~a~~probation in this case. Perhaps a probation is unnecessary in this case.

It may however be mentioned that it is usual to fix a probation in such appointments. In the case of the appointment of the Health Officer the President recommended a probation of six months and it was accordingly fixed- vide- S.N.143 and 144 of File 398-1898.

As the maximum pay of the Assistant Engineer's post is Rs.350/- and the Municipal Commission's powers are limited to Rs.300/- under Section 20 of the Bangalore Municipal Law, the appointment of the Assistant Engineer has to be made by the Resident. The decision of the Hon'ble the Resident in the matter is final and it is not within the competence of the Commission to discuss this matter at their meeting.

My dear Trevelyan,

I enclose a copy of a proposition, of which notice has been given by Mr. R. Krishna Ayyar.

Although the mover disclaims any questioning of the right of the Resident to make the appointment, the proposition is, in effect, a criticism of the Hon'ble the Resident's selection. I am of opinion that it should be ruled out of order on this score, but would like to know if there is no objection whether the Hon'ble the Resident would approve of my proposed action.

The proposition is due to come before the Commission at their meeting on the 27th May 1937, so I should be grateful for an early intimation.

Yours sincerely,

T. Rama Iyer.

Memorandum of proposition to be laid before the Municipal Commission of the Civil and Military Station of Bangalore:—

NAME OF PROPOSER.

R. Krishna Aiar.

THE PROPOSITI(

The Municipal Commission place on record their regret that to fill up the vacanc, caused by the appointment of Mr. Edwin as Executive Engineer the Hon. the Resident selected a retired Military Engineer when there are in the country large numbers of unemployed young men with the required qualifications and experience, and hope that he (the Resident) will give consideration to this aspect when such opportunities offer themselves in future.

(Sd). R. KRISHNA AIYAR.

[NOTE.—Commissioners are requested to be concise and to submit propositions on different subjects separately. Copies of this form may be obtained on application at the office.]

Statement of objects and reasons.

It is reported that a Military pensioned Engineer has been appointed to fill up the place of the Assistant Engineer. At a time when any number of young men are available with the required qualifications and experience for the appointment, it is a matter of regret that the said retired officer was appointed. The resolution does not question the right of the Hon. the Resident to make the appointment within his powers or does not reflect on the qualifications and experience of the gentleman appointed. It affects only a principle and is intended to convey to the Resident the feelings of the people in the Station through their representatives on the Commission in this matter of filling up the
